

## Carry Bags

C.SCOPE produce a range of carry bags to transport and store Pipe and Cable Locator equipment and accessories.

A C.Scope Carry Bag will keep your C.Scope Pipe & Cable Locator Equipment & Accessories safe when not in use and will still have capacity to carry the additional locating accessories such as site maps, marker paint or pegs to site each time. Choose between the Professional Carry Bag that has specific compartments for each item or the Budget Carry Bag that is a loose holdall type of construction.
